The map displays the acoustic zoning of Trescore Cremasco. The territory is divided into several zones based on land use and noise sensitivity. Zone I (blue with circles) includes the central urban core. Zone II (green with diagonal lines) covers residential areas. Zone III (yellow with triangles) is the most extensive, covering rural and semi-urban areas. Zone IV (orange with a cross-hatch pattern) is located along major roads and in some industrial areas. Zone V (red with horizontal lines) is found in specific industrial or commercial zones. The map is bordered by several municipalities: Quintano to the north, Casaletto to the northeast, Crenosano to the east, Crema to the southeast, Bagnolo to the south, and Palazzo Pignano to the southwest. The map also shows the location of the Vaprio river and various local roads and landmarks.
